2006 ANNUAL CODE ADOPTION CYCLE
TITLE 24, PART 12 - EXISTING vs PROPOSED CODE LANGUAGE COMPARISON

EXISTING 2001 CA REFERENCED STANDARDS CODE	2006 CA REFERENCED STANDARDS CODE WITH CA AMENDMENTS	COMMENTS
Chapters 12-11A and 12-11B BUILDING AND FACILITY ACCESS SPECIFICATIONS NOTE: Detectable warning products and directional surfaces installed after January 1, 2001, shall be evaluated by an independent entity, selected by the Department of General Services, Division of the State Architect, Access Compliance, for all occupancies, including transportation and other outdoor environments, except that when products and surfaces are for use in residential housing evaluation shall be in consultation with the Department of Housing and Community Development. See Government Code Section 4460.	Chapters 12-11A and 12-11B BUILDING AND FACILITY ACCESS SPECIFICATIONS NOTE: Detectable warning products and directional surfaces installed after January 1, 2001, shall be evaluated by an independent entity, selected by the Department of General Services, Division of the State Architect, Access Compliance, for all occupancies, including transportation and other outdoor environments, except that when products and surfaces are for use in residential housing evaluation shall be in consultation with the Department of Housing and Community Development. See Government Code Section 4460.	SUPPORT
Independent Entity Sec 12-11A.205 and 12-11B.205 Evaluation by an independent entity to confirm the prescription and performance standard of detectable warning products or direction surfaces installed after January 1, 2001. An independent entity is a not-for-profit product safety testing and certification organization, dedicated to testing for public safety. An independent entity would operate for the testing, certification and quality assessment of products, systems and services.	Independent Entity Sections 12-11A.205 and 12-11B.205 Evaluation by an independent entity to confirm the prescription prescriptive and performance standard of detectable warning products or direction surfaces installed after January 1, 2001. An independent entity is a not-for-profit product safety testing and certification organization, dedicated to testing for public safety. An independent entity would operate for the testing, certification and quality assessment of products, systems and services.	SUPPORT
Detectable Warning Products and Directional Surfaces Secs 12-11A.209 and 12-11B.209 Detectable Warning Products and Directional Surfaces must ensure consistency and uniformity: (a) Shape, (b) Color fastness, (c) Conformation, (d) Sound-on-cane acoustic equality, (e) Resilience, and (f) Attachment will not degrade significantly for at least five years.	Detectable Warning Products and Directional Surfaces Sections 12-11A.209 and 12-11B.209 Detectable Warning Products and Directional Surfaces must ensure consistency and uniformity: (a) Shape, (b) Color fastness, (c) Conformation, (d) Sound-on-cane acoustic equality <u>quality</u> , (e) Resilience, and (f) Attachment will not degrade significantly for at least five years.
